Flag: Follow up

Tony,

I'm leading up an effort to take an intentional and focused approach to reviewing the petition dated January 16, 2020 regarding the Lower Umatilla Basin. Attached is the latest draft. I'm interested in your feedback (especially on the clarity of scoping and approach), your questions and any thoughts. In particular, if you think you should be included, I'm happy to add you, but my thinking was that a team could take care of the initial evaluation, and that you might get involved if we moved to Phase II (an actual oversight inquiry with the Oregon OHA, DEQ, and possibly ODA).

Happy to chat about this.

Thanks,
Mat
